

# 30 UNDER 30

## Class of 2018

We are delighted and extremely proud to present this year's group of Pro Landscaper's 30 Under 30: The Next Generation winners. Owners of Pro Landscaper, Jim and Lisa Wilkinson comment: "There was an unprecedented number of applications in 2018 and we were astounded by the quality of people who are doing great things in the landscape sector at such a young age. We would like to congratulate the winners and look forward to the presentation at FutureScape on 20 November".

Richard Kay, Chairman of Green-tech who are the main sponsors of the event added: "We have had several members of our team announced as previous winners, which has been wonderful for their confidence and motivation. They are all rising through the business. I will be personally delighted if, by sponsoring this initiative, we contribute to helping others do the same. Congratulations to all the 2018 winners".

You can find out more about this year's prestigious group in the supplement included within our November issue.
